

We are happy to share that families receiving FSCD (Family Support for Children with Disabilities) funding can use that funding towards therapy services at Bright Little Minds. We have revamped our hourly billing rate to support coverage through the FSCD system. This sheet explains how session billing works and whether any parent top-up is required.

How Sessions Are Billed

Session Type	Indirect Paperwork (1.5x or 2x)	Standard Session (1.5x)	Standard Session (2x)
Billing rate	1.5x or 2x the FSCD discipline rate	1.5 x the FSCD discipline rate + top up	2x the FSCD discipline rate + top up
Total session time	60-120 minutes (indirect)	60min (direct) + 30min (indirect)	80min (direct) + 40min (indirect)
Best used for	ISP/SPPP meetings + goal updates, summary reports, SPPP goal setting + updates	Standard therapy session	Standard therapy sessions

The billing option for your child's sessions is noted in their client file. Please speak with our admin Karen (welcome@brightlittlemindsot.com or 403-991-2513) if you have questions about which option applies to you.

Therapy Assistant/Aide Service:

- Therapy aides are billed at FSCD rate at \$28.97/hr
- We follow the FSCD guideline for direct (66%) and indirect services (34%)
- Our therapy assistants will complete a summary note at the end of the week for their services to share with you all the therapeutic activities they have done

FSCD Contract of Developmental Aide Hours/week	Direct (1 on 1 therapy service)	Indirect (therapy material prep, summary notes, communication with therapists)
10	6	4
15	10	5
20	14	6

When a Parent Top-Up Applies

FSCD funding covers therapy up to the approved FSCD discipline rate. When our session fee exceeds that rate, a small parent top-up covers the difference. The table below shows all situations where a top-up is required. Indirect paperwork and meetings are billed at the FSCD rates and require no top-up.

Discipline	Location	FSCD Covers	Standard Session (60min direct 30min indirect)	Standard Session (80min direct 40min indirect)
